

## *New Online Bill Pay Launching Soon!*

Paying bills online is easier and takes less time than opening the envelope containing your paper bill, reviewing it, writing a check and keeping and filing manual records of your payments.

### *With Our New Online Bill Pay, You'll Have Access to These Great Features:*

- **Search for vendors.** Add new vendors simply by typing in the company name. If a match is found in the database, the vendor's information will be added automatically. No more hunting down mailing addresses! Simply enter your account number and add your bills to be paid.
- **Set up reminders.** Never make a late payment again! When you set up reminders, you'll receive a message telling you when your payment is due.
- **Bill Presentment.** Receive electronic versions of your bills, and pay them all in one place. Eliminate the paper clutter of receiving multiple bills.
- **Account-to-Account Transfer.** Make transfers to and from other financial institutions.
- **Make recurring payments.** Eliminate the hassle of paying your monthly bills by setting up recurring payments. This is a great option for payments that don't change from month to month - such as your car payment or mortgage.
- **See it all at a glance!** The Payment Center lets you make payments and view pending payments, recent payments, and bill reminders all on the same screen.

### *Person to Person Payments with ZashPay*

Our personal payment service enables you to send and receive money to those you know, or owe, in as little as one business day – securely and electronically – right from Online Bill Pay. All you need is their e-mail address or mobile phone number!

When you use our personal payment service to send money to another person, you eliminate the need to share private account information with them. You also avoid the hassle of making an ATM run or writing and mailing a check. And because you're paying directly from your account to theirs, it takes as little as one business day for them to receive their money. It's that easy!
